Welcome.... *To the 2025 River Murray Reliability Trial*

Hi All,

On behalf of SAPMAC MCC I would like welcome everyone to the 2025 River Murray Trial. It goes without saying there is a lot of work that goes into the preparation and running of this event. This could not be achieved without the support of the volunteers and members of SAPMAC who have given up their weekends and time, to make this event happen, they are a pivotal part of the success of this event.

We all know our property owners are key to our events and in return it is important we respect and look after their land.

In continuation of last year we have secured another new property along with the inclusion of some properties that haven't been used in recent years. The course for this year will comprise of seven sections which is sure to provide participants with a true cross section of terrain and free flowing and challenging sections.

Spectators are reminded to take advantage of the designated viewing areas.

To all our volunteers, control keepers, officials, landowners and anyone else who has assisted with the event in any way THANK YOU!!

I wish all competitors the best of luck for the day, a safe and enjoyable ride.

Have a great day

Shane Hunt
